

New waste management guide for students living off-campus

Apr 27/21 10:55 am

The Acadia Sustainability Office developed a new waste management guide for students living off-campus. For many students managing waste in off-campus housing can be confusing. This new guide has information for renters, a sorting guide, tips for moving, FAQs, local contacts and more. Visit the [Waste Management webpage](#) for the guide and other useful information.
